Sarah unable to attend on short notice. Phil Wise attended SDGE meeting at La Jolla Library that covered upcoming work on Ave de la Playa. First SDGE will relocate electrical box that is presently west of Osteria Romantica to new location in front of Scoops by digging up street. Also, alley behind Piatti gets undergrounding. SDGE moved the work up from March to accommodate store owners. Steve delivered notices to store owners. They hope to finish this area before Spring Break starts. Terry had meeting with SDG&E. They started work on Monday behind the businesses. Trenching already done. They are getting it done as fast as possible.

One person asked what about other areas for the Undergrounding Project. They said not all areas appeared on this schedule. See City website.

Joe La Cava – Re placement of boxes for Undergrounding. SDG&E had agreed to meet with community as to size and placement prior to installation.

**STOP the La Jolla Scenic North Overpass - (possible ACTION ITEM) –**

History of the overpass, conflicts and future action. Joe La Cava filled in for Joe Dicks who is sick. Dave Abrams going through archives for prior data. Joe spoke with Sheri Lightner for history. The bridge and connection to La Jolla Scenic Dr South has been off the books for at least 35 years. South side is La Jolla Scenic Dr South that runs for about 1000' and dead ends. Original plans were to connect it to La Jolla Scenic Dr North and then go around Mt Soledad to the east. But now, due to development, that road could never get built. Other option is to push traffic up Via Capri, which was not intended for high traffic. Bridge will have similar challenges – cost and resident objections.

Seven residents who live on La Jolla Scenic Dr North spoke their objections to a bridge and the increased traffic in their neighborhoods.

Brian Early said this topic is a T&T discussion item for now.

Phil Wise proposes a street car on a bridge over 52 and connects to downtown La Jolla

**SDPD Northern Division meeting** - Steve Hadley and Janie met with new Lt. They covered many areas of concern for LISA. They felt the perception of the new Lt. was that La Jolla doesn't need more police support. It is fine as is. SDPD suggested we consider hiring a private security company for Kellogg Park and the beach area.

**Friends of La Jolla Shores - Mary Coakley Munk.** Hoping fence will go up on Monday. Need preconstruction meeting with the City.
