Shores Traffic Committee Report - J. Emerson & S. Wiczynski (ACTION ITEM)

President reported on the recent injury (to a mother and her two young children) accident at La Jolla Shores Drive and Vallecitos. Immediate action is needed to prevent future accidents in this busy summer season.

Susan Wiczynski presented findings of the La Jolla Shores Traffic Committee meeting, and suggested possible solutions: crosswalk striping, warning signs, stop signs, speed bumps, flashing pedestrian crossing lights, one way traffic and roundabouts.

It was agreed to have a 2 phase approach:

Phase 1 - What can be done now with striping, signs and flashing signals.
Phase 2 - To be long term with traffic calming including roundabouts

Discussions followed on the pros and cons of the various solutions.

MOTION: Install crosswalks with pedestrian-activated flashing beacons along La Jolla Shores Drive at Vallecitos.

Place pedestrian striping at all stop signs on Avenida De La Playa, Paseo del Ocaso and El Paseo Grande.

Install pedestrian warning signs at the intersections of La Jolla Shores Drive that do not have stop signs.
